## SUPERINTENDENT'S REPORT

To the School Board and Citizens of Middleton:

It is with pleasure that I submit this, my fifth annual report, as superintendent of the schools of Middleton.

The table of statistics of the schools for the year ending June 30, 1923, is given below.

### STATISTICS FOR THE YEAR ENDING JUNE 30, 1923

School	Teacher	Total No. Enrolled	Average Membership	Percent Attendance	No. of Tardinesses
Corner	Nettie P. Holmes	15	10.9	85	14
Ridge	Florence N. Hanson	16	14	93	27
Totals and Averages		31	24.9	88	41

You will note that the per cent of attendance is the same as for the preceding year and that there is a marked improvement in punctuality, the number of instances of tardiness having been reduced to one-fourth the number during the year ending in June, 1922. With the aid and cooperation of the parents I hope that we may do equally as well this year.

The per cent of attendance is lower than it should be, and considerably lower than the average for the whole state. The unusual severity of last winter is to a large extent responsible for this fact; but it seems to me that there are some parents who do not exert the pressure that they should to keep their children in school when the weather and the traveling conditions are good. It is not to be expected that a child will make very good progress in his school work, if he is absent on an average one or two days per week.

The teachers were both new to Middleton schools. Mrs. Hanson came to us with long and successful experience. Her work in the Ridge school was most satisfactory. We are fortunate to retain her services for the present year. Miss Holmes was young and without experience. It was not to be expected that her work could equal that of an older and experienced teacher. She did as well as should be expected under the circumstances under which she worked.

This year the Corner school is under the charge of Mrs. Drew, who formerly taught in the same school. Mrs. Drew is an experienced and efficient teacher. With reasonable cooperaton on the part of parents the work in the school will be very successful.

As for the previous year, Mrs. Anna E. Clow, R. N., has been in charge of the health work in the schools. Her report will follow.

It will be noted that that this year a considerably smaller number of pupils are found with defective teeth and throats. Cannot this number be still further reduced before the next annual report?

Both schools are somewhat deficent in equipment, especially in the supply of maps. New equipment cannot be purchased with money allotted for books and supplies. A special appropriation for this purpose is required. I recommend that at the annual meeting an appropriation of fifty dollars be made for new equipment, this sum to be taken from the balance now due the school district from the town. The appropriation thus made will not increase the amount of money to be raised for the schools by taxation.

Respectfully submitted,

FRED W. DUDLEY,  
Superintendent of Schools.

## REPORT OF SCHOOL NURSE

The following is a report of my work in the schools of Middleton from Jan. 1, 1923, to Jan. 1, 1924.

Number of pupils examined	27
Number of pupils with defective vision	1
Number of pupils with defective teeth	9
Number of pupils with defective throats	6
Number of pupils unvaccinated	7

A dental clinic was held in Dr. Gilman's office for the children of Middleton, September 22. Four children took advantage of this opportunity to have dental work done. Seven calls were made to the schools. Eleven home visits were made to pupils. Tooth brushes and tooth paste were distributed in both schools.

Respectfully submitted,

MRS. ANNA E. CLOW, R. N.
